Episode10

やったね、ケン！

As time passed, Ken began to understand the lessons at school.

From his desk in the back row, he watched the teacher.

During math lessons,

she wrote some math problems on the chalkboard.

Ken knew the answers to all the problems.

This was because he had already studied math in Japan.

During English class, he and his classmates studied the alphabet.

His classmates were also learning it for the first time.

Soon, Ken could read and write all 26 of the letters.

One day, all the students took a test.

Ken got the highest score in the class!

The teacher moved Ken's desk to the front row.

問題文と選択肢

Why did the teacher move Ken's desk?

❶ Ken got a high score on a test.

❷ Ken wanted to sit in the front row.

❸ Ken did not know the alphabet.

答え　❶ Ken got a high score on a test.

ワンポイントアドバイス

ケンはずっと一番後ろの席から授業を受けていましたが、ある算数の授業では答えが全部わかったり、英語の授業では26文字のアルファベットの読み書きがすぐにできたり絶好調。ある日のテストでは「クラスNo.1の成績」を取って、先生が最前列の席へ移動させてくれたのです。やったね、ケン！重要表現としてはThis was because he had already studied math in Japan.（これは、彼がすでに日本で算数を勉強していたから。）です。This is because〜もよく使う表現で「これは〜だから。」と暗記しましょう。
